This action involves private sensitive information that, if disclosed, could cause harm to me personally and to my business, and other entities involved in pending cases. I am a published Author of a non-fiction book based on gender based violence, currently in works for Netflix Vox Vision, Film Production that has already attracted global readers and will further jeopardize my private sensitive information. There have been a violation recently of “§899- AA Notification person without valid authorization acquired private information, §190.77, HIPPA Medical Records and §190.84 Penal Law Identity Theft” by Manhattan Mini Storage Staff for unauthorized access to my units by trespass and larceny theft of all my personal and business property and documents containing sensitive information. As a result of there intentional and unlawful physical access to my property and devices containing such information, there have been multiple hacking attempts in my bank accounts and other apps. My Social Security, driver's license, birth certificate, credit cards, checkbooks, financial statements, medical records, tax details, property deeds, copyright infringement, patent protected inventory and secret designs have already been compromised and causing me extreme emotional distress in my already dire situation. Sealing case documents with sensitive information will minimize harassment by an existing stalker and prevent disclosure of my address, phone number, email, family details, finances, medical and work history as well as other litigation matters. It is necessary to protect my privacy and safeguard my personal and business information. For the foregoing reasons, on good cause grounds demonstrated herein and the burden to compelling circumstances to justify restricting public access, I am humbly requesting the Court to grant this Motion for protective order to seal the entire case from public access of paper record and electronically submitted on PACER and provide confidentiality. Denial of my request, in this situation,

to public access of my confidential documents at issue will not be effective dispute resolution in other legal matter and likely to jeopardize my safety and security and cause serious harm to me.

**WHEREFORE**, based upon the foregoing, the Court to accept this motion and to enter decision in its entirety, and awarding such other and further relief including all legal costs as this Court deems just and proper under the circumstances.

**SUFFICIENT CAUSE THEREFORE APPEARING**, it is hereby service of a copy of this Order, the Affidavit in support, and all other papers upon all other parties to this action which it is based upon All Defense Attorneys, by electronic mail and on **PACER** on before the \_\_\_\_\_ day of \_\_\_\_\_ 2025 be deemed good and sufficient. An Affidavit or other proof of service shall be presented to this Court on or before the return date of indicated above
